Section-A

Which of the following is correct regarding statistics ?

- (A) Aggregate of facts
- (B) Numerically expressed
- (C) Affected by multiplicity of causes
- ☒ (D) All of these

2. Arithmetic mean of these items 10, 15, X, 20, 30 is 20.

Missing item X =

(A) 10

☒ (B) 15

(C) 5

(D) 25

3. In case of normal distribution mean, median and mode of the series tend to :

☒ (A) Vary

(B) Coincide

(C) Zero

(D) None of these

Coefficient of correlation lies always between :

- (A) 0 and +1
- (B) -1 and 0
- ☒ (C) -1 and +1
- (D) 0 and 2

5. Inflation is measured in terms of changes in wholesale price index, based on weekly statements. (True/False)
6. Simple index number can be constructed only by the simple aggregative method. (True/False)
7. Type of goods and services we export and import is called direction of Trade. (True/False)
8. The Planning Commission in India has been replaced by
(Planning Council/NITI Aayog)
9. refers to the number of workers actually working or willing to work. (Work force/Labour force)
10. is not a sustainable development goal.
(Space research/Gender equality)

Section-B

11. Define economics.
12. What is meant by descriptive statistics ?
13. What is the basic difference between a Questionnaire and a Schedule ?
14. State one notable property of Arithmetic mean.
15. What do you understand by a 'Cashless Society' ?
16. Define the policy of Import substitution.
17. Name any *two* institutional sources of agricultural credit.
18. "Urban unemployment is a spillover of rural unemployment." Write true or false with a reason.
19. Name any *two* indicators of comparative development.
20. Give full form of GLF. When was the GLF campaign initiated in China ?

Section-C

4 each

21/ Draw a Pie diagram for the following data :

Items	Expenditure of family %
A	30
B	20
C	15
D	35

22. Which of the following methods gives better result and why ?

(a) Census

(b) Sample

23/ Give the four objectives of statistical average.

24. What are the uses of consumer price index (cost of living index) ?

25. Compute mode of the following series :

Mid values	Frequency
5	7
10	13
15	19
20	24
25	32
30	28
35	17
40	8
45	6

26. Discuss briefly the role of human capital formation in the process of growth and development. <https://www.jkboseonline.com>

27. Give any four notable advantages of organic farming as compared with conventional farming.

28. What similar developmental strategies have India and Pakistan followed for their respective developmental paths ?

Section-D

6 each

29. In a singing competition, two judges rank seven contestants as following :

Judge 1st	Judge 2nd
5	6
4	5
7	2
3	1
1	3
2	4
6	7

Calculate the coefficient of rank correlation.

Or

25.

Calculate arithmetic mean of the following series by using Step Deviation

Method :

Class Interval	Frequency
5-15	8
15-25	12
25-35	15
35-45	9
45-55	6

30. State the long period goals of five year plans.

Or

How were the Industries classified according to the Industrial Policy Resolution, 1956 ?

31. Write your observations on the social and economic consequences of unemployment.

Or

Discuss the various reasons for environmental crisis.
